ISSUE:

A resolution authorizing the lease purchase of police radio communications equipment from Motorola and satellite phones from UCS Wireless using HP Leasing for use by the Police Department.

SYNOPSIS:

Purchase new police radio communications equipment to be used by the Police Department.

BACKGROUND:

The City has a need to lease police radio communications equipment for use in its police vehicles and satellite telephones for use in the Mobile Command Post. Formal bidding will not be required for this lease purchase because these vendors, Motorola and UCS Wireless, hold contracts with the State of Utah.

This equipment will be purchased through the HP Master Lease Purchase Agreement which was approved in 2006 under Resolution No. 06-04. The City will be able to purchase \$154,433.00 worth of radio equipment by financing it over the seven year period. The annual payment for the lease is \$25,277.60. The total cost of the lease is \$176,943.20 over the seven year term.

RECOMMENDATION:

City Staff recommends approval of the Resolution.
